AKROCHEM[®] TiO₂ RG

PRODUCT DESCRIPTION:

Akrochem TiO₂ RG is a rutile titanium dioxide with excellent brightness, high tint strength and a blue tint tone. Titanium dioxide is NSF-listed for use in plastic pipe applications and also listed in CFR 21, Regulation 177.2600 for rubber articles intended for repeated use. Rutile titanium dioxide has 50% higher tinting power and is more weather resistant than anatase titanium dioxide (1.0 phr Rutile is equal to 1.5 phr of Anatase).

TYPICAL PROPERTIES:

Specific Gravity	4.20
Appearance	white powder
TiO ₂	97%
Oil Absorption	13 lbs./100 lbs. Pigment
Moisture (as packed)	0.3 %
Average Particle Size, microns	0.233
Exterior Durability	good

PACKAGE:

50 pound net weight bags

tm 1103
t-TiO₂ RG

Included with its product literature and upon the request of its customers, Akrochem provides product specifications and evaluations, suggested formulations and recommendations and other technical assistance, both orally and in writing (collectively the "Technical Information"). Although Akrochem believes all Technical Information to be true and correct, it makes no warranty, either express or implied, as to the accuracy, completeness, or fitness of the Technical Information for any intended use, or the results which may be obtained by any person using the Technical Information. Akrochem will not be liable for any cost, loss or damage, in tort, contract or otherwise, arising from customer's use of Akrochem products or Technical Information. It is the customer's sole responsibility to test the products and any Technical Information provided to determine whether they are suitable for the customer's needs. Before working with any product, the customer must read

and become familiar with available information concerning its hazards, proper use, storage and handling, including all health, safety, and hygiene precautions recommended by the manufacturer. Nothing in the Technical Information is intended to be a recommendation to use any product, method, or process in violation of any intellectual property rights governing such product, method, or process. No license is implied or granted by Akrochem as to any such product, method, or process.
