411PG ANATASE TITANIUM DIOXIDE

PRODUCT DESCRIPTION:

411PG Anatase is C.I. Pigment White 6 inorganic anatase titanium dioxide. It is manufactured by the sulfate process and is surface treated for better dispersion. 411PG Anatase offers high tint strength but has less opacity than rutile titanium dioxide grades. Pigment White 6 is listed under FDA CFR 21, Sec 177.2600 (178.3297).

TYPICAL PROPERTIES:

Appearance	white powder
Titanium Dioxide, %	≥97.0
Treatment	Silica
Treatment, %.....	≤3
Specific Gravity	3.50 - 4.20
Oil Absorption, %.....	15 – 30
Volatiles, %.....	≤0.5
Packaging.....	55.1 pound bag

APPLICATIONS :

411PG Anatase is used in plastic, rubber, coating, and paint applications.

rh 6/17/25
 X-411pg anatase tio2 (# 54428)

Included with its product literature and upon the request of its customers, Akrochem provides product specifications and evaluations, suggested formulations and recommendations and other technical assistance, both orally and in writing (collectively the "Technical Information"). Although Akrochem believes all Technical Information to be true and correct, it makes no warranty, either express or implied, as to the accuracy, completeness, or fitness of the Technical Information for any intended use, or the results which may be obtained by any person using the Technical Information. Akrochem will not be liable for any cost, loss or damage, in tort, contract or otherwise, arising from customer's use of Akrochem products or Technical Information. It is the customer's sole responsibility to test the products and any Technical Information provided to determine whether they are suitable for the customer's needs. Before working with any product, the

customer must read and become familiar with available information concerning its hazards, proper use, storage and handling, including all health, safety, and hygiene precautions recommended by the manufacturer. Nothing in the Technical Information is intended to be a recommendation to use any product, method, or process in violation of any intellectual property rights governing such product, method, or process.
