RUBBER CHEMICALS
-ACCELERATORS-
DITHIOCARBAMATES

ACCELERATOR EZ

(Zinc Diethyldithiocarbamate)

PRODUCT DESCRIPTION:

Accelerator EZ is a very active non-discoloring, non-staining accelerator for NR and Synthetic Rubber. It is also used for latex work. It is active in latex without zinc oxide. EZ can be used in dry rubber applications as an activator for the thiazoles. It is approximately 15% less active than Accelerator MZ without the health hazards associated with MZ. EZ is FDA listed under 177.2600 regulations.

TYPICAL PROPERTIES

Appearance Off-white powder

Specific Gravity 1.48

Purity 98% min

Melting Point 172°C min

Solubility:

Water Insoluble

Aliphatic Hydrocarbons Insoluble

Aromatic Hydrocarbons Insoluble

TLM 5-2018 (ST#-590)

Included with its product literature and upon the request of its customers, Akrochem provides product specifications and evaluations, suggested formulations and recommendations and other technical assistance, both orally and in writing (collectively the "Technical Information"). Although Akrochem believes all Technical Information to be true and correct, it makes no warranty, either express or implied, as to the accuracy, completeness, or fitness of the Technical Information for any intended use, or the results which may be obtained by any person using the Technical Information. Akrochem will not be liable for any cost, loss or damage, in tort, contract or otherwise, arising from customer's use of Akrochem products or Technical Information. It is the customer's sole responsibility to test the products and any Technical Information provided to determine whether they are suitable for the customer's needs. Before working with any product, the

customer must read and become familiar with available information concerning its hazards, proper use, storage and handling, including all health, safety, and hygiene precautions recommended by the manufacturer. Nothing in the Technical Information is intended to be a recommendation to use any product, method, or process in violation of any intellectual property rights governing such product, method, or process.
